

KERRIDALE PREP SCHOOL

Dear Parents,

The turnout for the Parents Open Day was good, most parents got to speak with their children's teacher, and now know how your child is doing; establishing a baseline for the work ahead. KPS wishes you a very peaceful mid-term break.

See you on Monday 30th of October 2017.

"It takes a whole village to train a child"

Mid Term Assessment

We have come to the end of the first half of the term and have completed our first assessment where applicable; majority of our children did well, but for those that are struggling a scaffolding plan will be put in place to support them in doing better.

IXL & Read Theory

Our children did not log on much to the online learning platforms, this must be due to them being occupied with assessment preparations. Now that the assessments are over, please remind our children to use the platforms in between enjoying the mid-term break.

World Values Day

Pictures and Performance clips from our World Value day and 2nd Anniversary of imbibing our 22 values can be viewed on via KPS school app.

Upcoming Events

October 30

Resumption

November 10

World Science Day

Important Announcement!

**Don't Forget
Dress Code**

Please have our children in the correct uniform for the second half of the term. We will hate to send children home on Monday 30th October.

Fee Drive

All Children whose fees are not paid will be sent home on Friday 3rd November. Please pay all owing fees before the due date to avoid the inconvenience

KPS Teachers – Our Biggest Strength

A nation cannot rise higher than the people educating it (Teachers). During the open day, some parents were rude to their class teachers. I would like to inform you that KPS Teachers and support staff are our biggest asset, and we would not have any parent disrespect them. They work hard to ensure that every single child is given an equal chance to succeed. KPS is also working towards being a Value Based School, respect is one of our values, we would therefore ask all our parents to 'treat our staff as they would love to be treated'. Mrs Kerry and Mrs Lara will be happy to discuss any issues you may have with your class teacher, and do remember; it takes courage to do the right thing.

KPS Value for the Month of October is Courage

Value for the Month of October

COURAGE

*"Courage means facing your fears,
it does not mean never being afraid!"*

All dreams can come true, if we have the courage to pursue it.

Life shrinks or expands in proportion to one's courage

Courage in Action!!

- It takes courage to do the right thing.
- It takes courage to stand up for what is right.
- It takes courage to stand up to a bully.

Do have a wonderful Mid Term Break.
