

# KERRIDALE PREP SCHOOL

Dear KPS Parents,

*Exams week is over, and our children have done extremely well. We would like to thank all our parents for helping our children prepare and write their exams.*

## **KPS Teacher Appreciation Day**

Over the years, parents have wanted to give gifts to staff in appreciation of the job done with their children's learning and development. As a school, we have somewhat discouraged it, because we believe it could influence a person's decision on how he or she works with a child. Having reviewed this, we decided to provide an avenue for our parents to appreciate their children's teacher at the end of the session, when teaching and learning for the year is over, and the child is off to a new class!

With the above, parents who want to give a gift of appreciation can do so, by wrapping and labelling whatever gift they have and hand it over to Ms Mfon or Ms Lara, who will pass on to the teacher.

## **Pupils Books & Leftover Supplies**

All primary children are to come into school on Monday bringing big carrier bags or small cartons to take home their books and supplies for the session.

## **July in Kerridale is a month of Wisdom!**

At Monday morning assembly, our children gave meanings to a few wise sayings;

A stitch in time saves nine;

Do not count your chicken before they are hatched;

The early birds catch the worm;

Too many cooks soil the broth.

Slips were sent home during the week for children for parents to write their favourite wise sayings, these sayings were brought discussed in class, and scenarios of how it could be used were also discussed.

## **2016/2017 End of Year Party**

Our 2016/2017 End of Year Party holds on Thursday 13<sup>th</sup> of July 2017. All children are to come to school on that day by 8:00am in the morning in their native attire for the day.

Parents should be sited by 10:00am to enjoy the show.

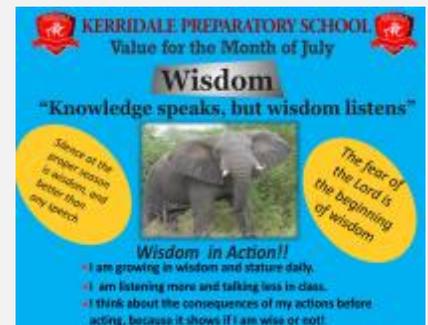

## **Upcoming Events**

**July 13**

2016 / 2017  
End of Year Show

## **Value for July**

## Looking for Learning Year 4

Year 4 children working on the digestive system, modelling the function of the incisors using a pair of scissors.

## Early Bloomers & Explorer Children

Our youngest children rounded up their KUW theme on “People who Help Us” with a visit from the VET, who turned up a Terrier; some of the children were brave enough to listen to its heartbeat and pet her.

**Have a good Weekend**
